

High Touch High Tech[®] SINGAPORE

Science Experiences That Come To You[™]

UPPER PRIMARY PROGRAMS

Beauty & the Yeast©	Discover what a really FUN Guy FUNGI really is! Step back in time to the days of Louis Pasteur. Learn about germs, mold, yeast, and more. Discover a whole world you cannot see. Make your own bread! See all the cool little critters that grow on you!
Bonkers for Blood©	Discover your blood type! Journey through the blood brain barrier; make your own blood, and much more!
Edison's Workshop©	Explore the amazing world of electricity. Learn what's "current" as you make your very own electroscope and much more! Get all the Hair-Raising facts!
Global Fever©	Discover the effects of global warming! Have FUN as we explore clean and renewable energy.
Jurassic Classic©	Uncover the mysteries of the dinosaurs. Become a paleontologist as we make our very own fossils. Have FUN as we learn about the dinosaurs, DNA and ourselves!
Matter Matters©	Discover all states of matter including plasma. Explore evaporation rates and the cool journey from liquid to gas. Discover liquid densities and much more!
Newton in a Nutshell©	Step back in time to the days of Newton. Have a hands-on look at inertia and motion. Discover gravity and have FUN as we push, pull, and get the job done!
Respiration Station©	Learn all about breathing. Discover how we can tell what we breathe out is not what we breathed in! Have FUN as we make our very own Breathing Machine. Make a wind tunnel and much more!
Silly Cells©	Discover the amazing world of biology. Experience osmosis, and even make your very own edible cell. Become a geneticist, and extract REAL DNA! Get ready to send in the clones!
The Power of Light©	Find out just how amazing light is. What is visible light? Discover who ROY G. BIV is and the electromagnetic spectrum. Uncover the mysteries behind light and why it is both wave like and particle like. Become "energized" as we learn about batteries and make bells ring and light bulbs light up.
